SOLUTION

Hand Protection Foam

70-28

PRODUCT TYPE

Effective and reliable hand protection to avoid dirt accumulation.

UTILISATION

- Shake well before use.
- After washing and drying hands apply a small quantity in the hands and rub in. Let dry for 1 or 2 minutes.
- A full protection on hands for a period of 4 hours. After this period, natural perspiration will cause the protective film to dissolve.

AVANTAGES AND PROPERTIES

- Protects hands from heavy soiling.
- Water and soap resistant.
- Prevents skin irritation.
- Non toxic.
- Allows skin to breathe.
- Hydrates the hands.
- Very economical.

70-28

Hand Protection Foam

Colour	white foam
Thickness	0.947 g/cm ³

RECOMMENDATIONS

Protect from sunlight and do not expose to temperatures exceeding 50°C. Fresh sprayed foam will be highly flammable for a short period of time; 10% by mass of the contents are flammable.
