

AMETA
SOLUTION

Spray Abra+

70-30

PRODUCT TYPE

Spray for grinding and finishing of base materials in aluminium, copper, stainless steel, steel with external and internal teeth, lamella, and fibre discs.

UTILISATION

Help prevent tools seizing up with material that has been ground off, and extends tool lifetimes. With no loss of grinding effect, the lifetime of the cutter or grinder is extended several times over, thereby reducing working times.

ADVANTAGES AND PROPERTIES

- Special cleaner
- Prevents the grinding wheel from seizing
- Extends lifetime of the cutter/grinder several times over
- Prevents overheating
- Silicone free

DIRECTIONS FOR USE

Shake can well before use.

70-30
