7 Preventive measures

Action to take in case of leak and spill

Keep away from heat, sparks, open flame and ignition sources

Use appropriate protection gear / ventilate area

Avoid creating and inhaling dust or fume

Hazardous waste disposal

According to the local directives.

Avoid spillage of the product in the environment

Observe all federal, provincial and municipal regulations

Handling and storage

Keep away from ignition sources, excess heat and open flames

Store in a dry, cool and ventilated place

Use only with individual protection gear

Special informations

After handling, always wash hands with soap and water

Avoid direct contacts with product

Avoid creation and inhalation of dust, mist or vapors

General and local exhaust ventilation

Transport dangerous goods

U.N. Number 1993
Shipping name Zinc-Alu Paste

Classification 3
Packing group III

8 First aid

Eyes

Flush with water for 20 minutes

If irritation persist, seek medical attention

Skin

Wash with water and soap

If irritation persist, seek medical attention

Ingestion

Rinse mouth with water if person conscious

Give water to drink if person is conscious

Do not induce vomiting

Seek medical attention or contact a Poison Centre immediately

Inhalation

Remove the person to fresh air

If problem develops or persists, seek medical attention

Other

If needed, see emergency telephone number directory

A quick response is essential. Call a physician immediately
