7 Preventive measures

Action to take in case of leak and spill

Use appropriate protection gear / ventilate area

Keep away from heat, sparks, open flame and ignition sources

Avoid creating and inhaling dust or fume

Hazardous waste disposal

Avoid spillage of the product in the environment

According to the local directives.

Handling and storage

Store in a dry, cool and ventilated place

Keep away from ignition sources, excess heat and open flames

Store away from light and sun

Special informations

After handling, always wash hands with soap and water

Avoid creation and inhalation of dust, mist or vapors

This product must be used according to internal regulations

U.N. Number 1950
Shipping name Supralub

Classification **Packing group**

8 First aid

Eyes

Flush with water for 20 minutes

If irritation persist, seek medical attention

Skin

Removed and wash contaminated clothing

Wash with water and soap

If irritation persist, seek medical attention

Ingestion

Do not induce vomiting

Seek medical attention or contact a Poison Centre immediately

Inhalation

Remove the person to fresh air

If problem develops or persists, seek medical attention

Other

A quick response is essential. Call a physician immediately

If needed, see emergency telephone number directory

If product is ingested, show product's label to physician
