

AMETA
SOLUTION

HT Super PTFE

70-89

PRODUCT TYPE

Colourless high adherence lubricant with high resistance to pressure
Can be used on most parts exposed to high pressure, vibrations and shocks
Ideal for a long lasting lubrication of mechanism exposed to harsh conditions or to water

DIRECTIONS

Spray on surfaces to be lubricated
Spray only on clean surfaces

ADVANTAGES AND PROPERTIES

- └ Protect the treated parts from corrosion and jamming
- └ Very high viscosity and capillarity
- └ The adherence is almost instantaneous
- └ Highly resistant to water, sea water, acids, brine and fumes
- └ Eliminate moisture
- └ Resist temperatures from -30°C to 200°C

RECOMMENDATIONS

Flammable
Follow label instructions
