

## ***Industrial cleaning wipes***

***75-70***

### **PRODUCT TYPE**

Approximately 90 tissues impregnated with a cleaning liquid will remove oil, grease, new paint and varnish residues, adhesives and bitumen, felt-tip and ball point marks, ink, stamp-pad and food stains, shoe polish etc. from hands, tools, machines, metal and plastic surfaces and from textiles, carpets and upholstery. (It is recommended to check compatibility especially regarding color-fastness and fabric tolerance.) A total of approximately 7.2 m<sup>2</sup> of damp, dense lint-free cleaning wipes are contained in the light and easy to handle dispenser.

### **UTILISATION**

Remove the safety seal (plastic part in the rim) which secures the lid. Open the lid slightly and taking the first wipe situated in the middle of the coil place it through the opening in the lid. Close the lid. Pull out the first cleaning wipe and tear it along the perforations. - When complete, close the small opening in the lid.

### **ADVANTAGES AND PROPERTIES**

\*The dispenser is reusable.

\*Ideal for use in industry, crafts, metal and automotive workshops, automotive roadside maintenance, educational and institutional areas, also sports, hobby, leisure and DIY areas and many others.

\* Each cleaning wipe has two distinct surfaces: The rough non-slip surface provides deep and thorough cleaning. The soft smooth surface cleans gently and is suitable for secondary wiping.

\*The product emits a pleasant Citrus odor.
