SOLUTION

## **RUSTISOL**

**70-36**

### **PRODUCT TYPE**

Water-based heavy duty corrosion protection for clean and rusted metals.  
A complete protection, even in extreme conditions.

### **UTILISATION**

The surfaces must be exempt of oil and grease.  
Apply one coat of the yellow **Rustisol**. Once dried the color changes to black.  
The product is ready to use, no dilution necessary.

### **AVANTAGES AND PROPERTIES**

- Prevents rust accumulation on metals.
- The rust is neutralized on corroded surfaces.
- All paints and lacquers can be over painted.
- Over painting is compatible with Metaflux products: aluminium, stainless steel, brass and copper.
- Eases welding procedures perfectly.
- A non dangerous product.
- Lead free.
- Non flammable.
- pH neutral: 7,0 acid exempt.
- 500 hours salt spray test.

### **RECOMMENDATIONS**

Keep away from frost.  
Do not grind coat since it could damage the protective coating
